When it comes to organizational outcomes, a leader's actions make or break staff's performance potential. As a leader, your destiny is inextricably intertwined with staff—you succeed to the degree that they succeed. Leaders must be equipped with **state-of-art tools** that will ignite the focus and fusion of personal and organizational accountability

Lessons:

- Understand how to win results through accountability leadership
- Examine courage and its' required presence in leadership effectiveness
- Learn how to mindfully shape a workplace culture
- Discover personal accountability & its rewards
- Frame interactions with others that create action
- See It CLEARLY ...get UNSTUCK and get RESULTS
- Exceed expectations ...rise above the circumstances and do what it takes to generate desired results
- Explore the power of resistance, when left below the surface, gains momentum, leaving everyone's performance impaired.
